Drone Assessment and Response Tactics (DART) Training Course

August 25, 2022
8:00 A.M. TO 5:00 P.M.

The Department of Homeland Security, **Cybersecurity and Infrastructure Security Agency, Region 6** and the **University of Arkansas Police Department** invites you to participate in the New Mexico Tech "Drone Assessment and Response Tactics" course. This course provides first responders and emergency managers with the knowledge and tools necessary to detect, identify, track, assess, respond and report UAS activity. Participants are presented with information on the current UAS terrorist and criminal threat, technology, and analog and electronic detection techniques. Participants are guided through demonstrations and exercises on the varying UAS types, their capabilities, and simulated threats involving Improvised Explosive Devices (IEDs).

LOCATION
University of Arkansas Police Department EOC 2nd Floor
155 Razorback Road, Fayetteville, AR 72701

COURSE OBJECTIVES
1. Recognize Unmanned Aircraft Systems (UAS) uses and components
2. Recognize the threat posed by the criminal and terrorist use of commercially available UnmannedAircraft Systems (UAS) technology.
3. Identify Counter-Unmanned Aircraft Systems (CUAS) tactics available to security officers,emergency first responders.
4. Recognize regulations, laws, and policies pertaining to the use of Unmanned Aircraft Systems(UAS).
5. Discuss CUAS Tactics, Techniques and Procedures (TTPs) used throughout a case study.
6. Identify TTPs to detect UAS activity using visual, audio or technological resources.
7. Distinguish between types of UAS, payloads, and legal/safe operations.
8. Recognize effective methods to track UAS activity and communicate to appropriate authorities.
9. Assess Unmanned Aircraft Systems (UAS) activity and recommend response options andconsiderations
10. Discuss response considerations to respond and deter unsafe, unauthorized, illegal, or terroristUnmanned Aircraft Systems (UAS) activity
11. Understand evidence collection and reporting Unmanned Aircraft Systems (UAS) activity toappropriate agencies
